President's Corner

Fellow Navy Leaguers! February is a short month anyway, but it seemed about two weeks long. The newsletter deadline was upon me before I knew it. The monthly luncheon was well attended, and those who attended heard a very interesting program on Saudi Arabia. The speaker was Commander Brian Adams, CSO of Keyport. I also had the privilege of unveiling a new and very exciting Navy League initiative. Your board has decided to pursue a grant from the C. Keith Birkenfeld Trust to obtain

and place a statue of the "Lone Sailor" on the Bremerton waterfront. Keith was a member of our Navy League chapter, and although I did not know him, I am sure many of you did. We believe that the Lone Sailor is a project of which he would have approved. As you can imagine, there is a lot of work to be done to bring this about. We have a talented and dedicated group of people hard at work to make it a reality. Information on the Lone Sailor program can be found at http://www.lonesailor.org/status_intro.html. Please take a few minutes to follow the link and see what this is all about. Next months luncheon program will be presented by the CO of the Naval Hospital. Please plan to attend and bring a friend!

Stan Mack

The "Lone Sailor" Statue is the creation of Stanley Bleifeld.

Navy League President, Stan Mack, presenting a commemorative NL cup and congratulating CDR Brian Adams, XO Keyport, at the conclusion of a memorable presentation about his experiences in Saudi Arabia.

WINNER!

The luncheon raffle winner was Mal Wright. He also won Red Robin gift certificates as well as the next luncheon free.

Navy League Salutes SKOOKUM Contract Services

SKOOKUM CONTRACT SERVICES

Skookum Contract Services, a division of Skookum Educational Programs, a Washington Based nonprofit corporation accomplishes their mission of creating employment opportunities for people with disabilities by performing services for government entities.

Skookum began in the early 1980's when founder and current CEO, Jim Westall, wanted to expand the horizons of students with developmental disabilities at Port Townsend High School. In 1992, Skookum received national acclaim after their small jump rope company which was started out of a rented garage in 1988 was profiled on NBC's Today Show and their jump rope was chosen one of the "100 Best Products" at the prestigious

New York Toy Fair. The jump rope company still operates in Port Townsend.

Skookum began working with the Military 10 years ago performing grounds maintenance at Naval Magazine Indian Island employing people with severe disabilities. Their contracts now include, Naval Base Kitsap Bangor, Fort Worden, and most recently, as the Prime Contractor for Janitorial, Hospital Housekeeping and Grounds Maintenance Services throughout the Navy Region Northwest. They also provide services to Fort Lewis operating the Central Issue Facility and providing wheeled vehicle maintenance for the Stryker Brigades. In 2006, they were awarded a contract to maintain the GSA vehicle fleet at Fort Riley, KS, leaving the Northwest for the first time.

Today Skookum provides employment for over 500 people with severe disabilities. More information about Skookum Contract Services can be found at www.Skookum.org.
